

# MAHA KUMBHAMELA - PUJA

At KumbhaMela we perform puja for the main deity Lord Varuna - who is the king of Waters and guardian of night (sins and other doshas of beings).

Puja will be performed using Aghamarshana Sukta found in the Taittiriya Aranyaka of Krishna Yajurveda. The Sukta is also called Malapakarshana Sukta meaning a hymn to remove the sin, dirt, and different doshas from us.

Its recitation when taking holy dip in holy river waters during KumbhaMela has a magical effect - helping in removal or expiating the sins and doshas accrued to the individual both externally and internally.

Hence, avail this special opportunity to have our beloved Hanuman Temple priest visit KumbhaMela on your behalf and perform on this puja at KumbhaMela. Priests will perform the puja and will bring holy water back to sprinkle on devotees after returning to the USA.
